**Success for Coleambally Central School**

Two students from Coleambally Central School have made it to the elite level in their respective cultural and sporting arenas. Congratulations to Titus Maddern who has been selected to audition as a feature dancer at this year’s School Spectacular. We wish Titus all the best for his future audition. Congratulations also go to Harry Tooth who has been selected as a member of the Under 15s Riverina South West AFL team in the NSW All School Competition in Sydney from Tuesday 2nd June-Thursday 4th June. Harry and his team mates have been playing exceptionally well finishing on the top of the ladder in their pool by defeating the South Coast side by close to 80 points and long-time rivals Riverina Murray in a closely contested 4 point victory.

---

**Canteen Reminder**

Thank you to all the students who have been making a real effort to remember to get their lunch orders in on time to help Mrs DeMamie get the orders ready to avoid hold ups during recess and lunch. Please continue to get your lunch orders in before school. Thank you for your assistance.

**Winter Uniform**

The temperature has certainly dropped over the last few days. Please remember to dress appropriately in our winter uniform to keep warm which will help stave off much of the typical winter colds and flus.

**School Photo Day 24th June 2015**

Please ensure that for our upcoming school photos this year, all students are wearing the correct winter uniform. A uniform list is attached to this newsletter. Thank you for your assistance.

---

Have a fantastic week.

Michalla Bright Trying her best to be a friendly friend in Year 4
Maxwell Rainbird Thinking outside the square

Year 5/6
Hannah Sing Outstanding artwork
Daniel Collier Fantastic presentation
Thomas Munn Great effort in handwriting

From the beehive

It’s been a while since I last contributed to these pages and there has been a quite a bit of water under the bridge since then. Year 5/6 are humming along quite nicely with a renewed sense of social commitment coupled to individual effort and achievement. I am fiercely proud of their hat trick result regarding the assembly behaviour shield and I feel reassured they are turning into the leaders they should be at this stage of the game.

Our class presentations over the last week have been a major success with nearly all students having contributed so far. Feedback has been positive among the class and it has been a valuable learning experience for everyone, especially during peer review where good points are celebrated and critiques are delivered constructively. Well done 5/6. Kudos to you again.

Local Land Hero

On Tuesday we had local agronomist Brett Hay visit our school to be interviewed by Sally Foster, Maddie Rainbird, Hugh White, Carissa Bellato and Grace Tooth. The students are working on the “local land hero” project that outlines the work of people in our community that are engaged in agricultural pest control. Brett faced a barrage of questions and we hope to catch up with him again soon for a follow up session.

Careers Corner

Good news for those on the DSP If you live or work in NSW and receive a Disability Support Pension (DSP) you can enrol in a TAFEnow course for free. Even if you’re not on the DSP, but can provide evidence from a professional to verify your disability, you may be eligible for support to complete free online studies. Studying with TAFEnow means studying at your own pace, at a time and place that suits you. Full details http://tafenow.com.au or call us on 1300 823 366.

University Experience - ACU Canberra University
Experience is a free program offering students a taste of life at ACU - meet academic staff and current students – and try out the course you’re interested in. Students in Year 10, 11 or 12 and considering tertiary study can choose workshops from a range of ACU study areas including Education, Nursing, Paramedicine, and Social Work. Register now http://www.acu.edu.au/uni-experience

GET Set Program The ANU College of Engineering and Computer Science is running its most popular event again this year, the GET Set (Girls in Engineering and Technology) program. This event is free for your students to attend and will expose them to the dynamic fields of engineering and computing through the use of hands on activities and inspirational talks. http://cecs.anu.edu.au/future_students/getset
Au Pair in America Scholarship

The Au Pair in America Scholarship is a FULLY PAID scholarship awarded to one individual each year. The Scholarship will enable you to experience the benefits of cultural exchange and gain valuable personal and professional experience over 12 months as an Au Pair in the USA. For more information, visit our website [http://www.aifs.com.au/aupair-america/scholarship/](http://www.aifs.com.au/aupair-america/scholarship/)

Discover your career opportunities in construction and property services. Matching who you are with what you do seems like a good idea, yet most people are in jobs that don't match their personal style and natural talent. My Career Match is FREE online resource that will help your students discover their strengths and talents and the careers that match in the construction and property services industry. Go to [http://www.constructmycareer.com.au/My_Career_Match](http://www.constructmycareer.com.au/My_Career_Match).

Whole School News

Music Room

Beginning from Week 7, Miss Creek will have the music room open on Wednesday lunch times for students who are interested in learning violin, wind and brass instruments. This opportunity is open for students in year 5 and above. Interested students need to let Miss Creek know their chosen instrument ASAP as it will be first in, best dressed.

We currently have the following instruments available for use:

- 3 violins
- 2 flutes
- 1 piccolo
- 1 trumpet
- 2 trombones
- 2 clarinets
- 1 bass clarinet
- 1 saxophone

Choir practise will continue to run on Tuesday lunchtimes.

Using story maker on the computer to write our stories

The princess who made friends with the tiger by Elyssa Scott

Once upon a time there was a girl named Elyssa, she was sad. She didn’t have any friends. Then she saw a tiger and Elyssa and the tiger made friends and they all lived happily ever after.

The Astronaut who made friends with the UFO by Wilkie Evans

Once upon a time the astronaut jumped into the UFO. He crashed into a world, it was icy and cold. He put his chests in the castle. But they disappeared. He looked for the chests but they were gone forever. He went back to his own world. He found the chests out in space. He took them home. He lived happily ever after.

In TEN (Targeted early numeracy) we use dominoes to find doubles
I feel remiss that I haven’t posted anything about the Mortimer shield two weeks ago. For those that made the journey to Griffith (thanks again Dave, Julie, Brenda and Troy) it looked as though the weather would hold. While it did, we saw some brilliant team and individual efforts from our girls and boys. Our girls went down in the first but were triumphant in their second game. Our boys joined forces with Darlington Point and won both games before the sky opened up with a fury I haven’t seen in quite a while. We rounded up the troops and retreated to the nearest warm and dry fast food outlets where we resembled cold- wet- starving, but still alive river rats. I received an email a couple of days ago asking if our boys could make it to a playoff at the Leeton event next Thursday.

Kinder Making Penguins

In Kindergarten we have being making Penguins for P week.

We have learnt that Penguins are birds but they cannot fly.

Riddle

What has a face and two hands but no arm or legs?

A clock
