2016 Stage 5 and 6 Preparations
Last Wednesday students in Years 10, 11 and 12 and staff were fortunate to have Christine Keys from BOSTES (The Board of Studies, Teaching and Educational Standards NSW), deliver a presentation regarding expectations surrounding the successful completion of the Higher School Certificate. This session was exceptionally informative and undoubtedly ensured that all students are now even more aware that they must apply themselves with diligence and sustained effort to achieve the course outcomes. Following this presentation the Stage 5 and Stage 6 Subject Selection Information Evening was also held in the Library to present course information to students and parents and to allow the opportunity to ask questions about Stage 6 study. Thank you to all who attended the evening and to the staff who provided such informative presentations.

K-6 Primary Police talks Tuesday 21st July
This Tuesday, Janelle Lynch, Police School Liaison Officer, will present a series of educational talks to our primary students highlighting the importance of safety, community policing and cyber safety. Parents are also welcome to attend these sessions from 9.30am - 1.30pm.

Education Week Public Schools NSW Monday 27 July – Friday 31 July 2015
Education Week is a major event on the NSW public schools calendar. 2015’s theme is ‘Celebrating Local Heroes’. We honour local heroes and also recognise that we can also use our abilities to make positive changes, which will benefit ourselves and those around us. We can be someone else’s hero. At school everyone is encouraged to strive for their best, to accept challenges, reach new levels of achievement, and develop skills that will encourage creativity as we work towards contributing to our own local school and community. More information about our Education Week 2015 celebrations will be forthcoming closer to the date.

Have a fantastic week.
